Something that entertains me is probably being at a concert. I have not actually been to a concert before, but I know it will

entertain me because I love music. I cannot live without music. I do not know whom I would love to see, but I think my number one choice is probably Paramour. That is basically my favorite band. Concerts can probably be loud, but at my house I always listen to music loud, so I am used to it. I love how they set up concerts. I think I love how they have the lights set up because it is all-colorful. I do not love about concerts is the seating, but I hope my first concert I am in the front row. Concerts are basically my entertainment live or on TV.

For my entertainment, I like listening to my CDs. I have multiple, but my favorite is Lincoln Park. I have three out of all of their CDs, and I want to get them all. They are my favorite band. My other favorite CD is from Avril Lavigne. She has songs that I like and describe my feelings as much as Lincoln Park does. Another CD is from Kelly Clarkson. I like some of her songs, but not a lot. Also, I like listening to Fall Out Boy. My favorite CD of all time is "Lincoln Park: Metora."

What I do for Entertainment is play truth or dare with ten people. This is how you play truth or dare you say somebody's name and ask them truth or dare and they have to pick one. If you pick truth we have to ask you a question and you have to answer the question. If you pick dare we have to dare you to do something and you have to do it. If you don't do the dare we all get to hit you in the arm.

My favorite thing to do for entertainment, besides IM-ing my friends is **gardening**. I don't really like to plant **flowers** from seeds, because they can scatter & it's hard to remember where you planted them. That's why I like bulbs better. My favorite **flowers** to plant are **Morning Glory's** because they are very pretty and grow fast. I also like to plant **tulips** because they spread and are very tall and **colorful**. One more **flower** that I like is the **Daffidol** & the **rose**. What I don't like to plant is **wild flowers** because I think they look very messy when they grow all out of the place. Creeping **flowers** are very pretty to me, like one's on **vines**. **Calla Lilies** are one other that I like.

What I for entertainment I like to play truth or dare because it's really fun. I usually play with seven or more people. This is how you play you pick one person and you say "truth, dare, double dare, promise to repeat". So that one person ask you truth dare double dare promise to repeat. so you pick one person and that person has to do what you tell them to do. But if you don't do it you have to get socked 10 times by each person that's playing. The reason why I chose it was because it's really fun to play and very interesting.

If I could have a career in any of the entertainment field, I would be a singer. I would want to be on American Idol. My family would vote for me. I hope I would win. If I won, I would be so happy that I would jump up and down and scream. After winning, I would make a music CD. I might even make a hit. If I have a hit song, I'll go on tour. I'll be on the radio. Then I'd be rich and famous.

Artemis Fowl

A thing I like to do to entertain myself is read *Artemis Fowl* books. *Artemis Fowl* is actually a series of adventure books. They are not "...and they lived happily ever after" books, but they do have exciting endings. The books are about a 14 to 18 year old genius named Artemis Fowl who starts as a big crook in the first book but changes throughout the series. He also saves fairies a lot. Now I know what you are thinking, but you are wrong. They are the bedtime fairies. Their enemies are goblins that shoot fireballs from their fists and have to be brought down with a neutrino. A neutrino is a gun that's non-lethal and just knocks out whomever it shoots. This is what I like to do when I am bored.

Music

My favorite form of entertainment is music. My favorite genre of music is rock. What I love about rock is the awesome guitar solos. My favorite solo is the solo to *Sweet Child O Mine*. The guitarist on the right (Slash from Guns n' Roses) is the one who plays the solo. He is an awesome guitarist. I think he is the second best guitarist of all time.
